

ANNOUNCING ZOOM DEMENTIA SERIES WORKSHOP:

FOR CAREGIVERS, HEALTHCARE & SERVICE PROVIDERS,
FRIENDS/FAMILY AND ADVOCATES OF PERSONS LIVING WITH DEMENTIA

Emma Grote, MD has been Medical Director at Navian Hawaii for the last 4 years. After completing her residency in Internal Medicine at University of Iowa Hospital and Clinics she completed a fellowship in Hospice and Palliative Medicine at Kansas University Medical Center. She returned home to Hawaii in 2010 and has been working in Hospice Medicine since then.

Emma chose this career path after an encounter with a patient as an intern with newly diagnosed stage IV lung cancer. Up until that point, her training had focused on treating and curing disease and the lack of treatment options left her feeling hopeless in assisting this patient. An incredible palliative care team in the hospital turned the focus from "we can't do anything to cure you" to "what can we do to accomplish your goals and needs" and was a transformational paradigm shift for her. She enjoys making meaningful connections with patients and families as they navigate through serious illness. Being able to educate and provide treatment that will help allay fears in this journey is particularly satisfying.

The Benefits of Hospice and Palliative Care for Persons with Advanced Dementia

Friday, July 30, 2021, 10-11:30am

Dr. Grote will cover:

- Criteria for hospice admission
- Common complications in end-stage dementia
- "Burdensome" interventions that frequently occur near end of life
- Benefits of hospice & palliative care for persons with advanced dementia and their caregivers
- Strategies for supporting and empowering the caregiver
- How caregivers can help

Advance Registration is required at this link:
